GROWERS—PLEASE NOTE!

WATER IN LATERALS HAS BEEN ALLOCATED.

AN ORDER MUST BE PLACED TO AVOID OPERATIONAL ERRORS.

- We cannot accept telephone messages left for water orders.
• Please call your order into the office 2 days ahead of the desired delivery date.
• In an effort to conserve water and to maintain operating efficiency, we request growers call in same-day cancellations by 8:00 a.m.
• As demand increases, we will make every effort to deliver water as ordered.
• Please call your orders in as soon as possible and try to stick to your schedule.

WATER SUPPLY & OUTLOOK

◆ USBR Central Valley Project (CVP) allocations were increased to 100% for south-of-Delta ag contractors.

◆ San Joaquin River Riparian, Schedule II entitlement deliveries are scheduled for 100%.

◆ San Joaquin River Flood Water -The District was able to divert Friant flood flows for recharge.

◆ Kings River Entitlement remains in storage behind Pine Flat Dam.

◆ Kings River Flood Flows are continuing to flow west in the James Bypass and are being diverted for irrigation & ground-water recharge purposes.

◆ Wellfield - Considering ongoing flood releases & increased allocations, it is anticipated groundwater pumping will be minimal this season. Please call the office for any well-related operating questions.

◆ Other Water Supplies - The District continues to deliver water to the Southwest Groundwater Banking Project. This effort demonstrates the District's commitment to enhancing local groundwater supplies & helps to alleviate flooding in downstream urban areas.

WHAT ELSE IS HAPPENING...

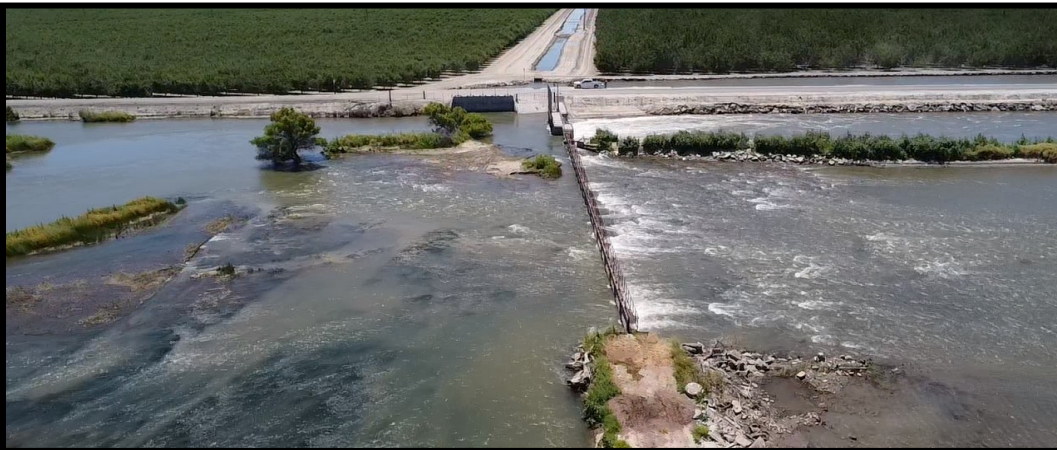

◆ Overnight Runs - Growers, during our busy season you can help our O&M flexibility by irrigating overnight so that we don't have to utilize our wells.

BE ON THE LOOKOUT FOR STOLEN DISTRICT WATER METERS! See Page 3

REMINDER SOLAR PROJECT ENERGY-SHARING PROGRAM If you haven't signed up, there's still time!

Reclamation District No. 1606 farm/ grazing leases expire December 31st. We will be mailing information to current lessees as well as all James Irrigation District landowners providing details about the bidding process.

Kings River flood releases from Pine Flat Dam flowing west through the James Weir are diverted into the District's Main Canal for irrigation & recharge. Excess flows continue west toward Tranquillity Irrigation District & into the Mendota Pool. - June, 2023

Colorado Avenue Recharge Basin , City of San Joaquin - June, 2023

HOW WE'RE RECHARGING THE AQUIFER

- Over 1.1 million acre-feet of outside surface water has been brought into the District over the last 35 years.
- Averaging 31,000+ acre-feet per year
- Over 900 acres is currently being used for recharge.

Lateral K Recharge Basin including Solar Projects 1 & 2. When completed, solar fields will be flooded for recharge, serving a dual purpose. - June, 2023

Mud Dam - June, 2023

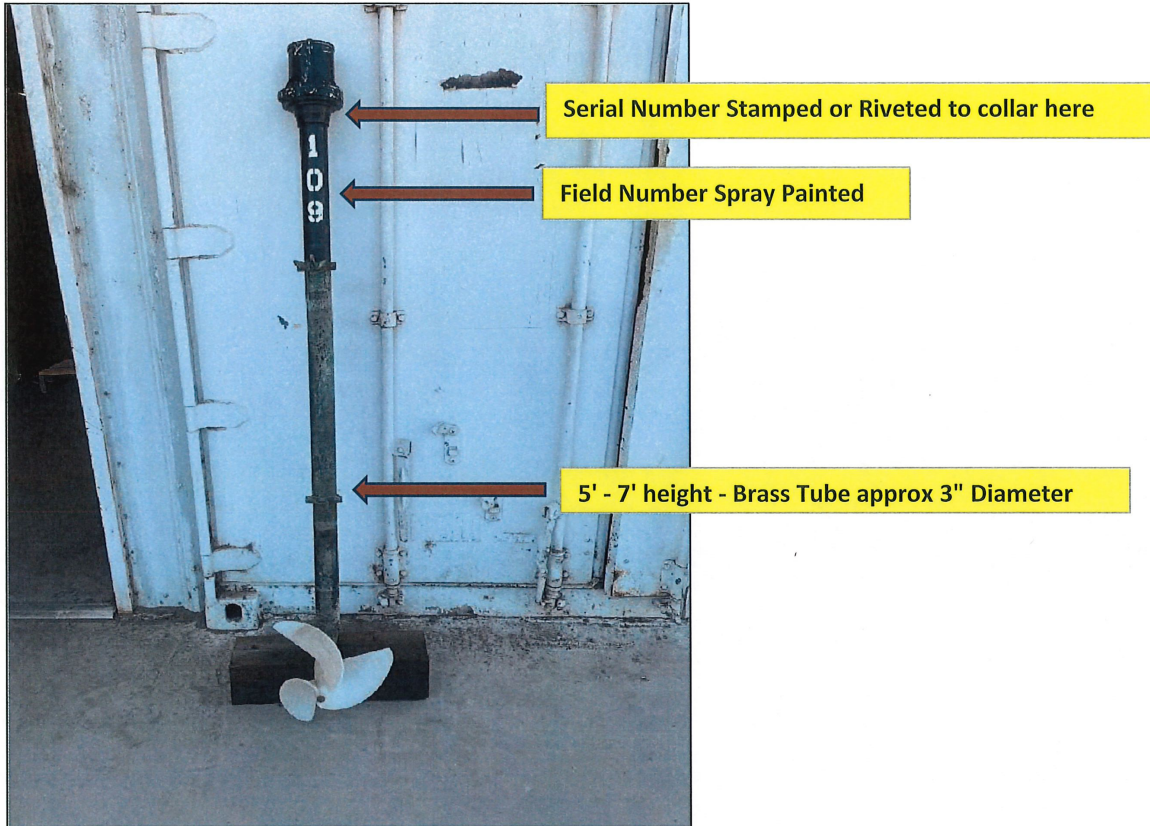

THE DISTRICT HOLDS RIGHTS TO SIX SOURCES OF WATER

- ✓ San Joaquin River Riparian
- ✓ San Joaquin River Flood Water
- ✓ Kings River Entitlement
- ✓ Kings River Flood Water
- ✓ USBR Central Valley Project Contract
- ✓ Groundwater
